Income*

Notes:

1. The rates are for the ages at the birthday nearest the date of the gift.
2. Distributions of income are done on a quarterly basis.
3. The minimum gift needed to establish an annuity with The Wistar Institute is \$10,000.
4. Due the differences in state laws The Wistar Institute is only establishing annuities with residents of the states of Pennsylvania and Delaware. New Jersey residents will be taken on a case by case basis.
